**REQUEST FOR TRANSFER OF COMPUTER READABLE FORM**  
**UNDER 37 C.F.R. §1.821(e)**

Sir:

The accompanying new application contains a sequence listing which is identical to the sequence listing in Applicants' co-pending U.S. patent application Serial No. 10/100,037, filed March 19, 2002, which is a division of Serial No. 09/469,186, filed December 21, 1999 (issued May 7, 2002 as US 6,383,484). In lieu of filing a duplicate computer readable form of such sequence listing, Applicants hereby request the use of the compliant computer readable sequence listing that is already on file for said Serial No. 09/469,186, now U.S. Patent No. 6.393.494. The paper copy of the sequence listing in the accompanying new application is identical to the computer readable copy filed in prior application Serial No. 09/469,186, now U.S. Patent No. 6.393.494.

Request For Transfer Of Computer Readable Form dated February 18, 2004

If there are questions regarding this amendment or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application for all concerned.

Respectfully submitted,
